Programming

This year Con†stellation features some of the brightest luminaries working in SF today, so we're planning some diverse programs for you. We'll have items like the Popularity of Steampunk and Hands-On Demos, one of which is creating your own slime, and don't forget two of our most popular events, the Art Auction and the Masquerade. We promise a fun experience. There will be Author Readings, slide shows, science-filled and behind-the-scenes-of-fiction panels, too. Come mix and mingle with all our great guests, and bring your friends.

Gaming

We have a very exciting Gaming Program this year. Check below to see some of the different games being presented. Please sign up now for games you wish to play or run by contacting our gamemaster@constellation.org. We'll have the Game Library set up again this year.
